

Introduction to Workshops

the umbrella body of the rivers trust movement

where there's **water**, there's **life**

2 Workshops

1. Workshop: 3 thematic sessions (Establishing a catchment-based group, developing a road map for your group, opportunities and project ideas) (20 mins per session)
2. Work shopping your local catchment: peer to peer mentoring in planning your catchment

Support Needs Wall

1. Workshop:

3 thematic sessions (20 minutes per session)

a. Establishing a catchment-based group

- How you establish a group (tools/techniques); what works well/not so well; who do you want to engage with?

b. developing a road map for your group

- What is the founding purpose of your group; what do you want to achieve in year 1; where do you see yourself in 5, 10 years' time?

c. opportunities and project ideas

- Quick win project idea (low-cost/high-impact); larger-scale/longer-timeframe projects; Partnerships.

2. Work shopping your local catchment: peer to peer mentoring in planning your catchment

10 minute overview of an existing organisation

- How it started
- How it is governed
- What it does
- How it does it
- Partnerships
- Opportunities/Challenges

40 minute – Q&A/Discussion – what are the opportunities for your group
